FRI 2023 Annual Spring Meeting

May 16–17, 2023

Pyle Center
702 Landon Street
University of Wisconsin-Madison
Madison, WI 53706

Food Research Institute
UNIVERSITY OF WISCONSIN-MADISON

Agenda Summary

Description

Food safety experts from government, industry, and academia will gather in Madison, Wisconsin on May 16 and 17 for the annual Food Research Institute Spring Meeting at the University of Wisconsin-Madison. Throughout its history, the Institute has helped the food industry identify and solve food safety issues. Its focus on food microbiology and toxicology involves effective partnerships with industry and government. This year's presentations will also be offered virtually via Zoom.

The hybrid program will include presentations on regulatory changes and challenges, natural antimicrobials, foodborne disease updates, controlling microorganisms in reservoirs and processes, bioactive compounds and human health, hard-to-predict food hazards, and more. This meeting features scientists from the University of Wisconsin-Madison and other universities as well as industry and government.

Linda Harris of UC Davis will present the William C. Frazier Memorial lecture and will be recognized for her contributions to food microbiology and safety. Tuesday evening's program features a poster session, reception, and opportunities to network with colleagues.

Who Should Attend

Anyone involved in food safety, product development, food microbiology, food quality assurance, or public health, including processors, retailers, nutritionists, consultants, educators, students, and government professionals.
