

The Food Research Institute at IAFP 2022

FRI scientists will be presenting their research at IAFP's annual meeting in August, as highlighted in the table below.

Reference Number	Title	Researchers	When/where Presenting
RT1	Roundtable: How Relevant is Finished Product Testing for Pathogens to Public Health Outcomes?	Brienna Larrick, Kathleen A. Glass , Roy Betts, Heather Carleton, Martin Duplessis, Benjamin R. Warren and Pamela A. Wilger	Monday, August 1 8:30 AM - 10:00 AM David L. Lawrence Convention Center - Ballroom A-C
P1-05	Poster: Thermal Inactivation of <i>Listeria monocytogenes</i> in Vegan Dairy Analog Products as a Function of pH and Water Activity	Harneel Kaur, Kristin M. Schill and Kathleen A. Glass	Monday, August 1 8:30 AM - 6:15 PM David L. Lawrence Convention Center
P1-38	Poster: Impact of Process Humidity and Fat Content on the Inactivation of <i>Salmonella</i> on the Surfaces of Beef and Pork Patties Cooked in an Impingement Oven	Ian M. Hildebrandt, Jordan Nehls, Cynthia Austin , Michael K. James, Kathleen A. Glass, Jeffrey J. Sindelar , Elliot T. Ryser and Bradley P. Marks	Monday, August 1 8:30 AM - 6:15 PM David L. Lawrence Convention Center
P1-39	Poster: Effect of Fat Content on <i>Salmonella</i> Lethality on the Surface of Impingement-Cooked Pork Patties	Jordan Nehls, Persephone Valentine, Cynthia Austin , Robert Hanson, Dennis L. Seman, Andrew Milkowski and Jeffrey J. Sindelar	Monday, August 1 8:30 AM - 6:15 PM David L. Lawrence Convention Center
P1-146	Poster: Evaluation of Nontoxigenic <i>Clostridium</i> spp. as Proteolytic <i>Clostridium botulinum</i> Surrogates for Growth Inhibition Challenge Studies	Brandon J. Wanless , Maxine J. Roman, Kristin M. Schill and Kathleen A. Glass	Monday, August 1 8:30 AM - 6:15 PM David L. Lawrence Convention Center
P2-12	Poster: Inhibition of <i>Listeria monocytogenes</i> and <i>Clostridium botulinum</i> in Cooked, Uncured Meat Products Formulated with Citric Acid (CA) and Cultured Dextrose-Buffered Vinegar (CDV)	Max C. Golden, Brandon J. Wanless, Kristin M. Schill , Tina Conklin, Jeannine P. Schwehofer and Kathleen A. Glass	Tuesday, August 2 8:30 AM - 6:15 PM David L. Lawrence Convention Center
P2-18	Poster: Inhibition of <i>Clostridium perfringens</i> by Clean-Label Antimicrobials in a Model Meat System during Extended Cooling	Daniel A. Unruh, Max C. Golden, Brandon J. Wanless , Garrett McCoy, Kristin M. Schill and Kathleen A. Glass	Tuesday, August 2 8:30 AM - 6:15 PM David L. Lawrence Convention Center
S43	Symposium: Cyber Attacks on the Food Industry: Virtual Threats with Real Consequences	Mark Kazmierczak, Kristin M. Schill (Organizer/Convener), Patrick C. Embwaga	Tuesday, August 2 1:30 PM to 3 PM Room 317-318
T11-09	Technica Session: Thermal Inactivation of <i>Lactobacillus parabuchneri</i> in Cheesemilk to Reduce Incidence of Histamine in Alpine-Style Cheeses	Maya Jeremias, Brandon J. Wanless, Kristin M. Schill and Kathleen A. Glass	Wednesday, August 3 11:15 AM - 11:30 AM David L. Lawrence Convention Center - 401-402
